SUBJECT: Missing New Patent Application
PR89-036

Inventors: Chun Hong Peng, Rex Chen and Simon Chang

Title: AN INTELLIGENT WET ETCHING TOOL AS A FUNCTION
OF CHEMICAL CONCENTRATION, TEMPERATURE AND FILM
LOSS

Ms. Stapor:

Thank you for returning my phone call today. As you requested, I have attached the Formal Filing Papers for PR89-036, a New Patent Application that we mailed to the PTO on 9/18/00 but have not received a Serial Number, Filing Date or Filing Receipt. I also attached a copy from our Mail Log Book that shows three other New Patent Applications that were filed together with PR89-036 in the same Priority Envelope, each Application in its own brown clasp envelope. These three cases have received Serial Numbers, Filing Dates and Filing Receipts (TS00-167, 09/666,318, 9/21/00; TS00-022, 09/666,317, 9/21/00; CS00-006, 09/666,315, 9/21/00). I appreciate any help and information that you may have regarding the missing Application. If at all possible, please enter the attached Application papers and grant a filing date of 9/21/00, since it is clear the application was sent to, and subsequently lost in, the PTO. Please let me know, as soon as possible, what your recommendation is regarding this Application. Thank you.

Regards,

Peggy Parisi
